Programme Intervention KNOWHOW3000

Overall objective	Strengthen the SDGs by contributing to SDG target 17.9.: capacity building and the Knowledge Development Goals, especially KMG 6: knowledge strategies in development cooperation.	
	SDG target 17.9 Capacity building: Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the sustainable development goals, including through North-South, South-South and triangular cooperation	KDG goal 6 Improved knowledge strategies in development organisations: Advanced knowledge management strategies with a recognition of these organisations' role in knowledge ecosystems and in strengthening local knowledge.
Specific objective(s)	Enhance organizational learning processes in order to strengthen organizations who successfully implement new learnings and knowledge, reflect about and learn from their own (and others') experiences, and are open to innovation and positive change.	<p>O.I.1. Until the end of 2022. XX partner organizations successfully incorporated learnings from KH3000 activities into their work.</p> <p>O.I.2. Until the end of 2022, XX partner organizations have successfully improved their practices based on learnings from KH3000 activities.</p>
Expected results	R1. Partner Organisations of HORIZONT3000 and its Member Organisations are enabled to learn from their and/ or other organisations' experiences in relevant fields of their work.	I.1.1. Until the end of 2022 XX partner organizations have capitalized (identified, documented and shared) relevant experiences via Systematizations, questionnaires and other methods (e.g. videos/interviews/storytelling, MSCs,...)
		I.1.2. Until the end of 2022 at least XX partner organizations have gained new insights for their work through learning and sharing processes within continued and new Communities of Practice in XX countries/regions.
		I.1.3. Until the end of 2022 HORIZONT3000 has contributed to the exchange and mutual learning among development organizations by participating and leading in at least XX austrian/international CoPs and hosting at least XX events in Austria.
Expected results	R2. Relevant knowledge is accessed and integrated by partner organizations of HORIZONT3000 and its Member Organisations in order to improve their organizational performance.	I.2.1. Until the end of 2022 at least XX organizations have improved their capacities, methods and/or approaches through learnings in specific trainings, consultancies/coaching and learning visits.
		I.2.2. Until the end of 2022 at least XX organizations have documented initiatives to implement new knowledge and methods via follow-up surveys, Learning Action Plans and other methods.

		<p>I.2.3. Until the end of 2022 XX Partner Organizations have benefitted from Borrow-a-TA missions and other capacity development measures in the field OD.</p>
	<p>R3. The Internet Platform is used by its target groups and acts as central communication and information space for Technical Advisors before, during, and after their assignment.</p>	<p>I.3.1. Until the end of 2022, at least XX persons of HORIZONT3000 partner countries and Austria have used the KNOWHOW3000 Internet Platform as a source for relevant information, files and documents.</p> <p>I.3.2. Until the end of 2022, knowledge products (good practices and learning from failure) and related material have been downloaded at least XX times.</p> <p>I.3.3. Until the end of 2022, XX documents, tools, guides and learning material produced or gathered by HORIZONT3000 are available for TAs via the internet platform (either in the ToolBox for OD or other areas).</p> <p>I.3.4. Until the end of 2022, the toolbox for OD has been used by XX% of TAs during their assignment.</p>
